

BF5

5 hp 4-stroke Outboard Engine

Optional charging coil

Optional 3 amp charging coil available with short and long shaft models.

Honda 4-stroke engine

5 hp water-cooled, 4-stroke OHC engine is quiet, with low emissions.

Economical

Low-maintenance and superb fuel economy to keep running costs to a minimum.

Low noise design

Underwater exhaust for quiet operation – just 79dB(A) at full RPM.

More torque

127cc engine displacement for more low-mid range power and torque.

Electronic ignition

Digital CD ignition is maintenance-free and ensures easy starting, smooth running and optimised performance.

Safe operation

A range of features including oil pressure alert, start-in-gear protection and a wrist-fit engine kill-switch inspire confidence.

4-Front corrosion protection process

4-stage coating process including anodising, paint and clear resin overcoat to protect against harsh ultraviolet rays and prolonged saltwater exposure.

Optional shaft lengths

Available in either long or short shaft, dependent on model.

The BF5 integrates essential features that give the operator a maximum level of comfort, safety and performance. This engine will power you out to sea with no problem, yet is light enough for you to carry it back to your car, thanks to the lightweight design and ergonomic handle. The BF5 is a low maintenance unit, with frugal fuel consumption, yet has plenty of solid torque and the ability to move heavy hulls with ease.
