Ideal for tender, fishing trips or simply for cruising pleasure. These inflatables are compact, ultra-light, safe and easy-to-use.

Honda Honwave Slatted Deck Inflatables

Safe and easy-to-use tenders - the perfect boating partners!

Compact and ultra-light, Honda's slatted deck inflatables are perfect for tender excursions, fishing trips or simply for cruising pleasure. With the largest buoyancy tube diameter in the market, they ensure superior flotation and stability. What's more, folding and storing can be accomplished by a single person in just minutes!

Make the good even better
